

On Call International Named to Inc. 5000 Fastest-Growing Private Companies List for Second Consecutive Year

SALEM, NH: September 8, 2014-- [On Call International](#), a leading provider of customized travel risk management services, has been named to *Inc.* Magazine's Top 5000 Fastest-Growing Private Companies list for the second consecutive year.

A leading provider of medical, security and travel assistance, On Call protects millions of corporate, academic and leisure travelers worldwide. Whether faced with a life-threatening medical emergency or caught in the crossfire of political unrest, travelers across the globe depend on On Call to deliver vital aid 24 hours a day, 365 days a year. With nearly 20 years' experience and resources spanning 200 countries, On Call's seasoned, multi-lingual assistance staff and in-house medical team are equipped to handle any travel emergency.

"We are honored to be included on this list for the second year in a row," said Michael J. Kelly, CEO, On Call International. "Our customers entrust On Call with the lives of their employees, students, families and friends, and we do not take that responsibility lightly. Our continued growth is a testament to our success in exceeding our clients' expectations by delivering world-class travel risk management that they can count on anytime, anywhere."

The need for comprehensive travel risk management has never been greater. According to the Global Business Travel Association, international business travel is on the rise and is expected to grow to 461 million trips in 2014. Fifty million of these trips are expected to involve travel to high-risk regions, greatly raising the threat of financial, legal, human and reputational costs to corporations and their employees. On Call has grown to meet the evolving needs of corporate travelers, offering tailored risk management programs that help corporations better protect their employees, both domestically and abroad, while proactively mitigating organizational risk.

In the past three years, On Call has experienced revenue growth of more than 48 percent, expanding its global footprint and aggressively growing its corporate travel risk management services in response to market demand. Just last month, the Company acquired Rescue Nurse International, a leading provider of commercial nurse escorts headquartered in Denver, CO. This acquisition will allow On Call to enhance patient care, streamline service delivery and better accommodate clients' unique travel risk management needs.

About On Call International

When traveling, every problem is unique—a medical crisis, a political threat, even a common accident such as a missed flight. But every solution starts with customized corporate care that ensures employees are safe and protected. That's why for nearly 20 years, On Call International has provided fully-customized travel risk management services protecting millions of travelers, their families, and the companies they work for.
